VISION

To produce competent engineering graduates with a strong base of technical knowledge and the complementary skills needed to be successful professional engineers.

MISSION

To fulfill the vision by imparting quality technical education to the aspiring students, by creating effective teaching / learning environment and providing state - of the - art infrastructure and resources.

CORE VALUES

- Commitment to Continual Improvement
- Inclusiveness
- Enhancement of student learning through innovative instructional methods
- Collaboration with industry and other institutions for mutual benefits
- Pursuit of excellence in all activities

**Mr. S. Dinesh Reddy**

B.Tech., MBA (London)

From the Managing Director Desk

Dear Readers,

Education is a continuous process in life and it's the Pinnacle of the attitude and vision of the universe. The day we stop learning new things professionally, personally and literally it would be the end of life. I would relate this to a great quote given by respected APJ Abdul Kalam regarding learning. "Learning gives creativity, creativity leads to thinking, thinking provides knowledge and knowledge makes you great". This is all a process. If we stop learning and thinking, then there is no creativity and knowledge in our life. One should never lose their thirst for learning.

I wish you all the best for your future endeavors.

From the Principal Desk

Dear Readers,

New Year - 2019 greetings to all of you!

**Dr. P. Mallikarjuna Reddy**

M.Tech., Ph.D

I am very happy that the institute has witnessed ample activities in all fronts during the Calendar Year 2018. These activities are in sync with our philosophy of 360 degree development of our students. In today's competitive professional world one needs to be dynamic, diligent, flexible, pragmatic, spontaneous, divergent, eloquent, persistent and above all have integrity and empathy apart from the academic excellence to be the first choice of the recruiter of the leading companies. A student might be very good in his/her theoretical knowledge but one has to be good enough in soft skills, aptitude, and verbal and logical reasoning. In this regard, I am happy to say that we brought in the best trainers who are subject matter experts and have the relevant expertise to deliver the training impactfully as well an interactive manner that engages the students. I call upon the students to make use of this kind of opportunities provided by the Management to enhance their skills expected by the corporate world.

National Youth Day Celebration

National Youth Day was celebrated with great joy and enthusiasm on 12th January 2018. It was celebrated to commemorate the 155th birth anniversary of Swami Vivekananda, who is regarded as the patriotic saint.

Program was started with lighting of the lamp by chief guest Ram Mohan Sharma, and N.V. Siva Rama Krishna, RTO, Nandyal and college authorities. Students performed a skit on incident happened in life of Swami Vivekananda to show how to change attitude and build good character to succeed in life.

Chief Guest Ram Mohan Sharma articulating importance of national youth day

A two day student development program

A two day student development programme was conducted on 27th and 28th March 2018. This session

Prof M.L.Sai Kumar snapped with our students.

was graced by Prof. M.L. Sai Kumar, Ex. Dean, IPE, Hyderabad. Prof. Sai Kumar said, "Nothing can stop the people with the right attitude from achieving their goal and nothing on earth can help the people with the wrong mental attitude". He advised the students to develop positive attitude, to grow in life.

Women Empowerment Cell

SVREC organized a one day workshop on women empowerment by G.K.Sowmya counselling psychologist on 7th April 2018. Miss Sowmya mesmerized and motivated the students by her speech. She said "by education only the women can empower and if a woman is educated, she ensures that all others in the family are educated".

G.K.Sowmya gave impressive speech about women empowerment

A faculty development program by Sai Kumar

A one day Faculty Development Programme was conducted on 20th May 2018, in Vishveshwaraya Hall.

This session was graced by Prof. M.L. Sai Kumar, Ex. Dean, IPE, Hyderabad, Mr S. Dinesh Reddy, MD and Principal Dr. P. Mallikarjuna Reddy and attended by all teaching staff. Prof. Sai Kumar had conducted various activities for faculty such as classroom awareness activity. He detailed the classroom environment by explaining perception, teachers behavior, students behavior, resources and content. He also explained the role of the teacher in

the present scenario. He also explained the qualities of the teacher such as: Authoritarian teacher, Authoritative teacher and Indifferent teacher.

International Yoga Day 2018

SVREC celebrated International Yoga Day on 21st June 2018 in the college by Sri Anand Guruji, a well-known Yoga trainer from Ayush Yoga Center, Nandyal. Guruji demonstrated various asanas and pranayam to the staff and students on this occasion. This program spread the awareness on the benefits of yoga in life among the students and staff. This event was organized under the NSS initiative.

*SVREC Freshers'
practising in pranayama Asanas*

Personality development programme

The programme on Personality development was organized by Career development Center on 2nd

June 2018 in the seminar hall. Personality development trainer Sri R.A.S Sastry was the resource person for the programme. The programme was attended by first year B.Tech students.

In his opening remarks, Principal Dr. P.Mallikarjuna Reddy emphasized the importance of Personality Development and motivated the first year students to grab this kind of opportunities.

*Dr.P.Mallikarjuna Reddy
call attention to importance of PDP*

One-day seminar on spoken English

Induction program for first year students on communication skills was conducted by C.Syed Saleem Basha on 28th September 2018. Mr. Basha explained the importance of English in the present corporate world for the students. On this occasion college authorities explained the chances of getting

*C. Syed Saleem Basha
helping students beat stage fear*

a good job in a multinational company, by effective communication skills, within home country and also abroad. The speakers also told that English is the language of international communication of the media and the internet, so learning English is important for socializing and entertainment, as well as work.

One-day workshop on Presentation Skills

SVREC conducted a workshop on presentation skills by Mr. K. Sai Teja, Presentation Strategist, for B.Tech students on 06th October 2018. Speaker explained the importance of presentation skills, which are required in almost every field. And he enlightened the students with effective tips for preparing a presentation.

*Mr K.Sai Teja presentation
on making presentations*

Orientation Program for I-B.Tech Students

First Year Orientation Program was inaugurated with the lighting of the lamp by the Chief Guest, Sri Gampa Nageshwer Rao and other dignitaries.

Mr Gampa Nageshwer Rao, while delivering a speech on this occasion, congratulated the students on their choosing this college for their bright future. And he motivated the students to utilize the resources of the college in developing their technical skills.

*Sri Gampa Nageshwer Rao
welcoming freshers to SVREC*

Awareness Program by Ex.JD – CBI, V.V.Lakshmi Narayana

SVREC organized a one day Face to Face Interaction with Former Joint Director (JD) of CBI Mr.V.V. Lakshmi Narayana. He inspired and motivated the students by sharing his life experiences and gave some directions to students for inventing new technologies which are useful in daily life.

*V.V.Lakshmi Narayana
enlightens students with his mesmerizing words*

INDUSTRIAL VISIT TO POLAVARAM

The Department of Civil Engineering, with the support of Government of Andhra Pradesh, arranged an Industrial visit to the major irrigation structures from 11th to 14th October, 2018, for the students of B.Tech, Civil Engineering. The places of Technical visit include Polavaram project, Pattiseema Lift Irrigation scheme, Nagarjuna Sagar project, Prakasham Barrage, Rajahmundry multi-

utility bridges and Amaravathi etc., The students had an opportunity of interacting with the project authorities and enriched themselves with good knowledge and Technology.

Students witnessing the Mass concreting works at Polavaram Project Site

TRAINING PROGRAMME ON TOTAL STATION

The Department of Civil Engineering, in collaboration with CADDPRO Organization (an ISO: 9001-2015 certified company) Organized a three day Training programme on Total Station, from 10th to 12th, September, 2018, for all the III B.Tech Civil Engineering students. The training programme provided an opportunity for the students, to learn and get well versed with the operation and application of the latest surveying equipment.

Students on the final day of their training session

WORKSHOP ON INTERIOR DESIGNING AND ARCHITECTURE

The Department of Civil Engineering, in collaboration with Stiga Homes Private Limited,

Organized a two day workshop on the Interior Designing and Architecture, from 10th to 11th September, 2018 for all the IV B.Tech Civil Engineering students. The students were explained the basic concepts of building planning and interior designing. The students were introduced to the basic commands used in various interior designing softwares like SKETCHUP.

Mr.P.V.Subba Reddy explaining the basics of Building Bye-Laws

INDUSTRY-INSTITUTE- INTERACTION PROGRAM

The Department of Civil Engineering, arranged an Industry – Institute – Interaction program for all the IV B.Tech Civil Engineering students on 05th September 2018, with the resource persons from VASCON Engineers Private Limited. The students were taken to an industrial visit, to one of their construction sites, where they were explained the shear wall technology and Seismic Design of High-rise buildings. The students participated in an interactive session and got all their doubts clarified.

Students witnessing Shear wall Technology

INDUSTRIAL VISIT TO MASS HOUSING RESIDENTIAL UNITS (MHRU)

The Department of Civil Engineering, arranged an Industrial visit for all the III B.Tech Civil Engineering students on 24th August 2018, to the construction site of MHRU located in Nandyal. The students were explained the latest Asian-Aluminium Formwork Technology and also the process of manufacturing Ready Mix Concrete from Batching Plant. The students interacted with the resource persons available on site which helped them update their technical knowledge as per the Industry requirement.

Snap of students in front of Earth Quake Resistant High Rise Buildings

AN EXPERT TALK ON ENTREPRENEURSHIP IN INTERIOR DESIGNING

Mr.P.V.Subba Reddy, MD of STIGA Homes Pvt. Ltd, explaining the scope of Entrepreneurship after B.Tech in the area of Interior Designing and Architecture

The Department of Civil Engineering, organized a guest lecture for all the IV B.Tech Civil Engineering students on 24th August 2018, on the topic **“Entrepreneurship in Interior Designing of Homes after Graduation”**. Mr.P.V.Subba Reddy, Managing Director of Stiga Homes Private Limited, had an interactive session with all the students and explained them the scope of self employment and entrepreneurship in the area of Interior Designing and External Building Architecture.

JOINT ROAD SAFETY SURVEY WITH NHAI AND RTA

The Department of Civil Engineering, conducted a Road Safety Survey from Nandyal to Chagalamarri (NH-40) from 09th to 13th August, 2018. The survey was jointly conducted by NHAI, RTA and IV B.Tech Civil Engineering Students as a part of **“Road Safety Measures on National Highways programme”**, initiated by the Central and State Governments. The students actively participated in the survey by adopting it as their live project for the B.Tech Curriculum.

Students doing their live projects on Highway Safety in collaboration with NHAI and RTA

GUEST LECTURE ON RECENT TRENDS IN CIVIL ENGINEERING

The Department of Civil Engineering, organized a guest lecture for all the III and IV B.Tech Civil Engineering students on 21st March 2018, on the topics, Seismic Design of Buildings, Repair and Rehabilitation of RCC Structures and Introduction to Non-Destructive Tests. Dr.N.V.Ramana from

Visweswarayya Technological University and Dr.B.Madhusudhan Reddy from SV University delivered their lectures and shared the knowledge of their ongoing research with the students. The students had a vigorous discussion on the topics and got their doubts clarified.

Dr.B. Madhusudhan Reddy, Asst.Prof, SVU explaining Affordable Housing Technologies adopted in India

INDUSTRIAL VISIT TO SRISAILAM DAM AND POWER HOUSE

The Department of Civil Engineering, arranged an Industrial visit for all the II B.Tech Civil Engineering students to the Srisaillam Dam and Power House, on 09th March 2018. The students were accompanied by the authorities who took them on a tour and explained in detail, the various structural components of the dam and how electricity is generated in the power house. The students had a practical visualization of their theoretical knowledge and they actively participated in doubt clarification session.

Students at Dam Location

INDUSTRIAL VISIT TO ROB

The Department of Civil Engineering, arranged an Industrial visit for all the III B.Tech Civil Engineering students to the ROB site, on 09th February 2018. The students were accompanied by the engineers from KMC Constructions, who explained in detail the methods of Prestressing, Pile Driving for foundation and Casting of bridge girders. The students acquired good technical knowledge on various technical aspects related to the construction of Railway Over Bridge.

Resource person explaining Pile foundations

WORKSHOP ON “PLC FUNDAMENTALS”

The Department of EEE, organized a Three Day workshop on “Programmable Logic Control” in association with Andhra Pradesh State Skill Development Corporation from 15th to 17th

Sri.S.Dinesh Reddy, MD,SVREC, addressing the students on occasion of PLC Workshop

February 2018. On this occasion Mr.S. Dinesh Reddy, Managing Director of the Institute, emphasized the role and demand of PLC in the Industry. He advised the students, to make the best use of the opportunity.

INDUSTIAL VISIT VIJAYA DAIRY

The Department of Electrical and Electronics Engineering organized a technical field visit to Vijaya Milk Dairy, on 21st April, 2018. The purpose of the field visit is to provide the students a practical visualization of their theoretical Knowledge, on various types of generators, steam injection systems, steam infusion systems, plate heat exchangers, tubular heat exchangers, and scraped surface heat exchangers.

Industrial -Interaction by III E.E.E Students along with H.O.D & Faculty members in Vijaya Milk Dairy.

GUEST LECTURE ON “PSOC USING SCADA”

On the occasion of Engineers' day, the department of EEE organized a guest lecture on “PSOC using SCADA”. Mr. K .Rama Krishna Reddy, Assistant Engineer, APTRANSCO shared his practical knowledge and experiences with the students and explained the evolution of power system structure from primitive to the present trend. He also explained various grids in India and the parameters affecting the power system grid, by comparing the power system parameters with human body which was very easy for the students to understand. The students had an interactive session with the resource person.

Resource person Mr. K. Ramakrishna Reddy with HOD and Faculty

INAUGURATION OF IEEE STUDENT BRANCH (STB-10168)

For enhancing the skills and exposure to the competitive world, SVR Engineering College launched IEEE student branch (STB-10168). Dr. V. Sankar, Professor, Department of EEE, JNTU College of engineering, Ananthapuramu, inaugurated the chapter and explained the students, the importance and benefits of IEEE membership. Twenty students and 4 staff members enrolled initially and the count is increasing enthusiastically.

Dignitaries inaugurating IEEE student Branch

GUEST LECTURE ON “AWARENESS ON DIGITAL LIBRARY RESOURCES”

A guest Lecture on “Awareness on Digital Library” was organized by the Department of EEE. Dr. V. Sankar, was invited as the resource person and he

enlightened the students about present scenario of acquiring knowledge through digital library resources provided by IISC and various IITs in India. He also addressed the faculty and narrated the easy ways of imparting knowledge to the students.

TECHNICAL TOUR TO POWER GRID

The Department of Electrical and Electronics Engineering organized an Industrial visit to Power Grid (765/400kV substation) at Orvakal, Kurnool on 08th September 2018. The Students observed the different components of substation like lightning arresters, reactors, relays and wave trap etc.,. The resource persons available on site clarified the doubts of the students and shared their experiences.

II & III B.Tech Students observing the power grid system at 765/400kV Power Grid, Orvakal, Kurnool District

THREE DAY WORKSHOP ON “ADVANCED PLC FUNDAMENTALS”

The Department of Electrical & Electronics Engineering (EEE), organized a three day workshop on “PROGRAMABLE LOGIC CONTROL” in association with APSSDC (Andhra Pradesh State Skill Development Corporation) from 27th to 29th September 2018. Mr.S.Dinesh Reddy, Managing Director of the Institute, emphasized on this occasion, the role and demand of PLC in the Industry. He advised the students, to make the best use of the opportunity.

Group photo of the students with all the dignitaries on the last day of the workshop

ONE-WEEK WORKSHOP ON SPACE CLAIM, HYPER MESH AND LS-DYNA

Department of Mechanical Engineering organized a One-Week workshop on Space Claim, Hyper mesh and LS-DYNA from 27th Aug 2018 to 01st Sep 2018 at S.V.R. ENGINEERING COLLEGE.

In this work shop students gained knowledge on new softwares like space claim, hyper mesh and LS-Dyna and worked on it. In the companies, by using these types of software, people are designing the models and doing analysis on them directly.

Yucan trainer work together with students

ONE-WEEK WORKSHOP ON AUTOMOBILE ASSEMBLING & DISASSEMBLING AND CNC MACHINES

Diploma students attended the workshop on “Automobile assembling & disassembling (4-S & 2-S) and CNC machines” from 16th to 28th Aug 2018.

The students gained knowledge on two and four wheeler vehicles by working with fuel system, breaking system, clutch operation, chassis and wheel alignment etc., and also traffic rules.

Students on workshop with Siemens excellence mentor

WORKSHOP ON SCILAB - ECE

The Department of Electronics and Communication Engineering organized a 3-Day workshop on "SCILAB" from 27 to 29, March 2018 in association with Andhra Pradesh State Skill Development Corporation (APSSDC). The workshop formally inaugurated by Dr.P.Mallikarjuna Reddy, Principal and Mr.S.Dinesh Reddy, Managing Director and Head of ECE Department.

valedictory function to APSSDC trainers

A THREE DAY WORK SHOP ON LabVIEW

Department of Electronics and Communication Engineering conducted a three day workshop on "LabVIEW" in association with Andhra Pradesh

Information Technology Association (APITA) from 16 to 18, August, 2018.

The purpose of the workshop was to bring together electrical and electronics students and stakeholders to learn new software LabVIEW.

Group photo with vi solutions trainer and APITA

WORKSHOP ON BUSINESS ANALYTICS USING R & TABLEAU

The Department of Computer Science & Engineering organized a workshop on Business analytics using R and Tableau, for III & IV B.Tech CSE students. The objective of the workshop was to bring awareness among the faculty and students on the concepts of R and TABLEAU. Dr. Shaheen, Assistant Professor, Institute of Public Enterprise, Hyderabad was the resource person for this

Mr M.Subba Reddy,HOD of CSE dept address the gathering in the workshop

workshop. The students learned the concepts of Introduction to statistics, statistical analysis methods, tools used for the statistical analysis, The R statistical programming language, R-Libraries and packages, Introduction of Tableau, analysis of data by using Tableau, visualization of data analysis and results using Tableau.

AN EXPERT TALK ON DATA ANALYTICS IN DATA SCIENCE ENGINEERING

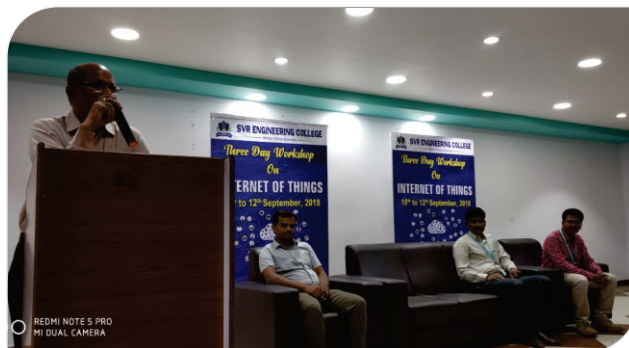

The Department of Computer Science and Engineering, organized a guest lecture for the III & IV B.Tech CSE students on 21.07.2018, on the topic "Data Analytics in Data Science Engineering". Mr. Ramesh Manickavel, Principal Agile Program Manager, CA Technology explained basic concepts of analyzing the data with various data analysis tools like R-studio & Tableau with practical sessions. He also explained various data scientist job opportunities that are available in the software industry.

Student welcomes Mr. Ramesh Agile Program manager with Bouquet

WORKSHOP ON INTERNET OF THINGS (IOT)

The Department of Computer Science & Engineering organized a three day workshop on "Internet of Things (IOT)", in collaboration with Coign Consultants, from 10th October to 12th October, 2018, for all II, III & IV B.Tech CSE students. The students learned the concepts of Amazon Web Services and Cloud Computing and IOT.

విషయాలు చదువుతుంటే మీరు కర్మకంగా
స్వాధ్యాయం చేస్తుండవచ్చు. చదువుకోవాలి అని
పాఠశాల వాళ్ళని పట్టు మిమ్మల్ని అలాగే
మొదటికి మీరు ఏ వాళ్ళని అనేకంగా
చూడగలగలరే అప్పుడే కర్మకంగా చేస్తున్నా
మీరు చదువుకుంటున్నారే. అందుకని చెప్పి
చదువుకోవచ్చు. చదువుకోవచ్చు మీరు వాడు
తుంటే మీరు రీడర్ అవుతారని, అలా వాడుకరే
కానీ రీడర్ అవుతారని. ఈ కార్యక్రమం
మంచి కళాశాల వైపున వైపున వైపున వైపున
మీరు చూడగలగలరే, అప్పుడు మీరు వైపున

COMPANY WISE PLACEMENT RECORD OF SELECTED CANDIDATES 2017-2018

S.No	Student Name	Branch	Company Name	CTC
1	Mounika C	CSE	CODE MANTRA	4.0 LPA
2	Tharun C	CSE	DXC Technology	3.35 LPA
3	Sreekanth Reddy G	ECE	Cap Gemini	2.40 LPA
4	Pavitra Kumari K	ECE	Cap Gemini	2.40 LPA
5	Naga Sirisha K	ECE	Cap Gemini	2.40 LPA
