VISION

To produce competent engineering graduates with a strong base of technical knowledge and the complementary skills needed to be successful professional engineers.

MISSION

To fulfill the vision by imparting quality technical education to the aspiring students, by creating effective teaching / learning environment and providing state - of the - art infrastructure and resources.

CORE VALUES

- ★ Commitment to Continual Improvement
- ★ Inclusiveness
- ★ Enhancement of student learning through innovative instructional methods
- ★ Collaboration with industry and other institutions for mutual benefits
- ★ Pursuit of excellence in all activities

From the Managing Director Desk

Dear Readers,

Education is a complete process that leads to the attainment of full potential of a student. In this era of highly competitive global market, there should be a synergy between today's need and tomorrow's expectation. At SVREC we are dedicated to exhaustive quality learning and are utterly committed to a continuous process of improvement for the benefit of the students. The structure and delivery of the curriculum at faculty of management are contemporary and based on our continuous interactions with renowned educationists and industry professionals. My focus is to develop our students as global citizens with tolerance, respect and appreciation of diverse cultures and traditions for a life-time learning experience. The student should be self-motivated, Independent, confident decision maker to take a leadership role in the future.

This reminds me of a very meaningful quote by Albert Einstein-

"Education is not the learning of facts but the training of the mind to think."

Mr. S. Dinesh Reddy
B.Tech., MBA (London)

From the Principal Desk

Dear Readers,

New Year - 2020 greetings to all of you!

It gives me an immense pleasure to connect with you through this News Letter, **INSIGHT**. As you are aware, in the present era, campus placements hold a great importance for students and educational institutes. While, it helps a student in building a strong foundation for the professional career ahead without facing the real-world job struggle, peer-competition or family pressure, a good placement record gives a competitive edge to an institute in the education field.

Keeping in mind, the importance of placements, various training programs were organised for overall development of the students. Soft skills, Aptitude and Technical training classes were held regularly throughout the year 2019; so that the students are well prepared to face the company interviews with confidence.

This year quite a good number of our students were placed in the reputed MNCs like TCS, WIPRO, Mind Tree, CTS, INFOSYS and IBM. Hope, in the year 2020, we can double the placement count compared to 2019.

Wishing you all the best in your future endeavors.....

Dr. P. Mallikarjuna Reddy
M.Tech., Ph.D

NATIONAL YOUTH DAY

The national youth day was conducted on 12-01-19, at SVREC. The chief guest of the event was Mr. G.L.N PRASAD, HoD of zoology in a Govt College at Anantapur. During the interaction, an awareness regarding life skills was created amongst the students. Crisis management, Resource management, Event management and Time management techniques were also taught to the students. Interaction with the students was friendly and optimistic.

Chief guest Mr. G. L. N. Prasad sharing the dais with the MD and the PRINCIPAL.

FUZZY LOGIC AND NEURAL NETWORKS

A guest lecture on fuzzy logic and neural networks was conducted on 23-1-19 by Dr. A Immanuel. 3rd and 4th year students of EEE and Mechanical branch were the target audience of this lecture. A brief introduction to AI, IoT and big data analysis was given. An introduction to fuzzy logic controller

Dr. A. Immanuel addressing the students and introducing the advanced networks.

and it's advantages and how to design fuzzy logic controller and solve engineering problems was also taught to these students. MAT LAB was introduced and a hands-on experience in MAT lab as well as the information about designing FLC in MAT LAB was provided to the students. Neural network was also briefly introduced.

1 DAY SEMINAR ON ADVANCES IN CS

One day seminar on advances in CS was conducted at SVREC by Dr. N. Uday Bhaskar, CSE HoD of Anantapuram Govt Arts College on 28-1-19. CSE students of all the batches were target audience of this seminar. The session covered latest technological improvements in the field of computer science, helping the students to have exposure and insight into few of the same. It was quite an interactive session.

Prof. N. Uday Bhaskar interacting and enlightening the students

EMBEDDED SYSTEMS USING ARM-Mbed

A 3 day workshop on embedded systems using ARM-Mbed was conducted at SVREC from 7th to 9th of Feb 2019 by PRATHAMESH SATARDEKAR. 3rd year (2016-2020) batch EEE and ECE students were the target audience of this particular workshop. Topics like controllers and processors, embedded systems, system on chip, ARM-Mbed platform were introduced, theory concepts of digital I10, bus, PWM, ADC, serial, UART. I2C were taught. SOC bases boar – FRDMKL252 was also introduced. Practical labs on all these concepts were conducted. On-

board accelerometer was introduced and a practical lab was conducted based on it.

A workshop of embedded systems using ARM-Mbed being conducted by Mr. Prathamesh Satardekar

INTERNATIONAL WOMEN'S DAY

A grand event was organized on the occasion of INTERNATIONAL WOMEN'S DAY on 8th of March 2019 at SVREC. Ms. KALYANADURGAM SWARNA - LATHA DEVI had graced the event and made the event exceptionally motivational and memorable.

Ms. K. Swarna Latha Devi along with the college dignitaries presents gift to the students

A beautiful message oriented skit was presented by third year students from all the branches that was appreciated and admired by everyone. Many female students from different branches and batches participated in fancy dress competition. The day was in true sense a WOMEN'S DAY.

DILLANA 2K19

On the occasion of Annual day of SVREC a magnanimous event was organized by the management. The event started on the morning of 15th March with a formal note in the presence of the

chief guest of the event Prof. K. HEMACHANDRA REDDY (Chairperson of AP State Council of Higher Education) who addressed the students and enlightened them about the wide scope of jobs for the students of all branches and encouraged them to develop the needed skills for a successful and progressive career. He also expressed his admiration for the poster presentations and power point presentations made by our students. He commended the students who participated in the

Cordial Felicitation to Prof. K. Hema Chandra Reddy by the Respected Chairman Mr. S. Venkata Rami Reddy

engineering science fair. Many stalls were opened by the students in the campus as a part of the two day fest which included many food stalls, gaming stalls, music dedication and flower dedication stalls. Many quizzes were conducted in all the departments of the college. Students were deeply involved in all the programs and made the day absolutely fun filled and interesting. The day ended by the dusk.

Presentation of the trophy to the winners of the sports event

TRADITIONAL DAY

Traditional day was observed on 16th March 2019. On that day, the lush green lawn of the college campus looked like a beautiful garden with colorful butterflies sprinkling the fairy dust and sparkling in their traditional attires looking absolutely graceful and gentlemanly. The day started with a fun photo session where all the students and staffs were together sharing the frames. The beautiful dawn slowly slipped into a pretty warm afternoon and it

A Vibrant and a beautiful group picture of traditionally dressed students

was time for lunch that was arranged by the college management. The students were excited for the cultural part of the fest that followed the lunch. Finally, it was time for the DJ Night that was especially arranged by the dynamic young MD for the students. It was a special experience for most of the pupil which was thoroughly relished by them. The event was concluded late in the evening of 16th march that left a lingering feeling amongst everyone.

PERSONALITY DEVELOPMENT PROGRAMME

A personality development program was held on 20-march 2019 by the college management. Mr. SYED NOOR MOHAMMED SHAKIR was invited as a speaker for the program. This program was specially conducted for the students of second year and third year as a target audience . Mr. Shakir interacted with the students in a very friendly fashion and encouraged the students to be more vocal about their views. The main agenda of this program was to make the students acknowledge the need to develop their personality as an individual and to understand how imperative it is to have the skill set to move forward in their careers. It was quite an interactive and fruitful program.

Personality development guru Mr. Noor Mohammed Shakir having a friendly talk with the students

CANDID INTERACTION WITH CO-FOUNDER OF STUMAGZ.COM

A very eventful , candid and interactive session was

organized on 29th April 2019 with Mr. Fredy DSV, the co-founder of a very renowned online student discovery platform that aimed at connecting students, faculty and corporates around India. Students were mesmerized with this young successful man who achieved a great feat. All the students enthusiastically interacted with Mr. Fredy and asked him so many questions which were answered back very patiently by him. He also provided the students with some great suggestions and serious advices and 10 golden rules that are very valuable for any aspiring student. It was a very inspirational, motivational and productive session.

Mr. Fredy DSV, interacting with the students and motivating them for a brighter career.

FDP on PEDAGOGICAL EXCELLENCE

A two day FDP was organized from 10th to 12th of August 2019. Prof. A. Jagan Mohan Reddy from Symbiosis was the speaker of this faculty

Mr. S. Dinesh Reddy (M.D) addressing the faculty & encouraging them to improve their Pedagogical Excellence.

development program. This two day FDP was organized with a view to inspire the faculty to strive for pedagogical excellence. The experienced person that he is, Mr. Reddy shared few tips on impressing the class room effectively where the faculty not only creates and communicates value but also delivers the value. The faculty was also apprised about the need to update themselves on continuous basis and balance between concept teaching and application. It was an excellently interactive session where the college faculty very actively interacted with the speaker and expressed their views.

FRESHER'S ORIENTATION PROGRAM

An orientation program was conducted for the fresher's batch of 2019 on 22nd of August. The chief guest of the event was **Mr. Charan Lakkaraju**, CEO of StuMagz.com. He and his partner Mr. Fredy were listed by Forbes 30 under 30 for the year 2018. He is one of the most promising entrepreneurs in India. He interacted with the students in a very friendly manner and told them that the most important

A cordial Felicitation to Mr. Charan Lakkaraju by the beloved MD and the respected Dignitaries.

thing for any person is undying determination to achieve his/her set goals. He also said that smart work is as important as hard work. This reciprocal interaction with Mr. Charan was immensely helpful for the students. Mr. Charan also chose a couple of students to do an internship for one month at his office. He also congratulated the management for having such enthusiastic students.

INDUCTION PROGRAM FOR FRESHER'S

A one day interaction program was organized on 5th September 2019 by the college. The freshers' (2019-23) were the target audience of this program. Dr. Paradeshi Naidu was invited as a chief guest and the speaker of the event. This program was organized on the occasion of Teachers' Day.

Dr. P. Paradeshi Naidu delivering a presentation in the Induction program

The management, the students and the faculty paid a floral tribute to the portrait of **Dr. Sarvepalli Radhakrishnan** who was a great supporter of education and a professor of philosophy. This program was organized to create awareness about Personality Development, Communication skills, Values , Ethics , Human Relations , Gratitude , Gender equality , blood donation , organ donation and stress management. Mr. Naidu emphasized that having great communication skills with ethical values and good personality is very important to grow as an individual and also as a professional. He encouraged the students to instill the attitude of gratitude and become a good human first.

CORRELATIVE SESSION WITH GOOGLE SOFTWARE ENGINEER

On 11th November 2019 an interactive session with Mr. Christopher Kommareddy , an engineer at a very renowned software company, GOOGLE was invited as a chief guest. Third year and final year students were the target audience of this particular program. Mr. Kommareddy addressed the students and edified them about the corporate world. According to him, the three most important aspects for any student to have a stable career are Technical Knowledge, Problem Solving/Mental Aptitude and Communication.

Mr. Christopher Kommareddy interacting with the students, educating them about the corporate world.

PROJECT 21

Project 21 was a residential program that started on 17th of June 2019. As the title suggests it was a 21 day long project designed especially for the final year CRT students of SVREC. During this project, the students were made to stay at the college hostel for 21 days for an effective output of the training. The idea of running a 21 day continuous training classes that included programming, aptitude and communicative English was conceived by the CDC department and smoothly executed by the college management. The students not only focused on their preparation but also were made to focus on their personal growth as an individual.

Mr. Chaitanya Reddy having an interactive aptitude training session with the students

The main focus in the first week of the project was programming. Highly efficient trainers were invited to the college for a week especially for this project. The second week exclusively dealt with aptitude and the famous youtubers Chaitanya reddy and Vamsee Krishna were invited for a week. The final week was dedicated for communicative English and a trip was planned before the conclusion of the project. The students were taken to a jungle camp near nandyal where they had a very relaxing time amidst the serenity of nature. It was a pretty memorable trip for the students.

Students in a video-based learning in an advanced communication training session

The final day of the project was on 7th July 2019 and the project 21 ended successfully with a dinner in the campus followed by a series of fun games. The students expressed their thoughts and feelings

A group pic with the CRT Students after an Aptitude session with Mr. Chaitanya and Mr. Vamsee Krishna

regarding the project and conveyed their gratitude.

ENGINEER'S DAY

The engineering community across India celebrates Engineers day on 15th September every year as a tribute to the greatest Indian Engineer Bharat Ratna MOKSHAGUNDAM VISVESVARAYA. And SVREC being an Engineering college took the pride in observing the Engineers day on Sep 15th. Rich floral tributes were paid to the Legend. Very inspirational and motivational speeches were delivered by the respected principal sir and MD sir. The students were apprised about the importance of the day and also reminded about their duties and responsibilities as the young and promising engineers they would become in the near future.

College Dignitaries addressing the students about the importance of the Engineer's Day

STUDENT'S DAY

The STUDENT'S DAY was celebrated in SVREC on 15th of October which is also the Birth anniversary of the former president of India Dr. A.P.J Abdul kalam. In 2010, the United Nations declared his birth day as World Student's Day because of his love towards education, students and his focus and efforts in promoting the education. The dignitaries at the occasion delivered very intense and motivating speeches describing the humble attitude and the great mind of the MISSILE MAN of India. Rich floral tribute were paid to the statue of the Dr. kalam in our college campus. The college

authorities decided to celebrate the day despite it being a holiday as it was a Sunday.

A Grand Floral Tribute was paid to the statue of Dr. A. P. J. ABDUL KALAM in the college campus

SANKRANTHI @ SVREC

Sankranti, also known as Pongal is celebrated in various states of India. This ancient festival is a very important festival for those who hail from Andhra Pradesh and Telangana. This is the time when the farmers are ready to bring home their harvest from the farms. The first day of this festival is Bhogi, the second day is Sankranti and the third and last day is Kanuma. From the New Year day, ladies decorate their homes with colorful Rangoli, famously known as Sankranti Muggu. Sankranti was celebrated very grandly at SVREC on 14th January 2019. The female students and faculty were very beautifully dressed up in their traditional attires and created beautiful rangolis in the college campus. It was a vibrant day with a festive disposition.

Mr. S. Dinesh Reddy (MD) flying the kite on the occasion of sankranti with the faculty members @ SVREC

College dignitaries flying the kites, Rangoli Competitions were held in the campus

ALUMNI MEET

An Alumni meet was grandly organized on 9th of March 2019 by the management of SVREC. All the passed out students of SVREC were warmly welcomed for the gathering. The faculty and the management of the college were immensely proud and happy to see their students settled in well established companies and are successful in their own respective professions. The highly respected principal Dr. Mallikarjuna Reddy addressed the students with the opening remarks and congratulated the past students for their well deserved success. The young and promising Managing Director Mr. S. Dinesh Reddy interacted with the students and eulogized them for being so positive and buoyant about the Alumni meet and for making time for the meet amidst their busy schedules.

A group photo of the College Alumni Batch

CTS TECHNICAL TRAINING CLASSES

A two day training classes were held on 22nd and 23rd JAN 2019. Smt K. Kavitha was invited as a guest trainer for these classes. Final year students, those got selected for the Cognizant interview were specially trained in these classes. This training session was organized by the CDC department for the purpose of technical training on C, C++, JAVA. And, basics of data structures, strings, queues were also taught in these classes. It proved to be a very useful training as the hard work of the students was reflected in the no. of placements we had in CTS this year (2019).

INDUSTRY EXPECTATIONS ON YOUNG ENGINEERS

On July 12th 2019 a seminar was organized by the CDC department for all the students of the college. Mr. Sreenivasa Ramanujam Kanduri, academic relationship manager at Tata Consultancy Services was invited as a chief guest and the resource person. The aim of this seminar was to let the students learn the importance of application knowledge, soft skills and active participation in CSI/IEEE/ACM etc. This was a very interactive seminar where, the speaker, Mr. Kanduri encouraged the students to interact with him freely and to learn the importance of effective communication. He also commended the management to arrange such an interactive

S. Dinesh Reddy (MD) welcoming the Esteemed Chief Guest Mr. Srinivasa Ramanujam Kanduri

seminar. Mr. Kanduri was very impressed with how the students came forward with their queries regarding the corporate world. This seminar proved to be a very important one as the final year students were preparing for their interviews for TCS.

FOUR DAYS SDP ON “HANDS-ON C-CODING”

A four day training program was organized for Third year B.Tech students (2017-21) by CDC department. K. Aditya Kumar was invited as a trainer for this program. Many topics were covered during the four day training. Topics like Introduction to C language, Data types, Operators, Decision, Interaction, Jumping were introduced on the day one training. Arrays, Strings, Functions were the topics of the second day. The third day of the training dealt with Storage class, Unions, Crum. On the final day of the training few topics like Pointers, Dynamic memory allocators, Function in function, Typing where the students diligently learnt the necessary topics.

INTERVIEW GUIDANCE

Mr. Veerapureddy Prathap Reddy an employee of TCS Bengaluru was invited on 28th July 2019 to guide the students regarding the short cuts for aptitude and how to handle the interview. The topics like how the industry works and the knowledge on current trending technologies in market were also discussed. Mr. Reddy had a very deep interaction with the final year students who were preparing for

Mr. Veerapureddy Prathap Reddy engaging with the students regarding the Interview Skills

their interviews in different companies. The students got to learn so much from Mr. Reddy. He also had a one on one interaction with the selected students who were awaiting their interview round for TCS.

Students' Testimonials

**M. MUBESHERA****~ Cognizant & Mindtree**

My student life at SVREC is one of the best time in my life and had its ups and downs. But overall I feel that studying at SVREC was a great learning experience every day that has helped me tackle professional problems with ease. The Career and Development office of SVREC which has placed a number of students also laid a platform for me to get into reputed companies like cognizant and Mindtree. I'm thankful for this opportunity for helping me through the process.

Wipro & Mindtree ~

I feel very glad to say that I am blessed with two job offers. It's mainly with the support given by the college management and my hardwork. Our college provided us with the project-21 which was an exclusive training to prepare for the corporate company exams. By the help of this project-21 I can honestly say that I have got these 2 job offers which made my parents feel very proud. "Our college has not only provided the recruitment training but also made sure that students are industry worthy" Thanks to the college management for supporting me in every possible aspect..

G. SAI PRAVALLIKA**N. MEENA****~ Infosys**

SVREC is a place of learning where knowledge, skills, cultures, traditions and many such life preaching activities are taught. Studying in this college brought an added value to my life. Our MD along with our faculty and TPO always encouraged and supported the students regarding the studies and placements. It was quite intense and motivating during the project 21 before the placement season. Everyone involved in the recruitment training has worked really hard so that we could easily get placed in reputed companies. I'm very grateful to my college for getting the placement in an MNC's.

TCS ~

My special thanks to CDC because the training provided by them made me capable enough to be able to enter one of the best MNCs in the country. Our college is well equipped with the facilities that brings the best in us. The homely environment and the dedicated faculty makes the students feel that they have selected the apt and transcendent college for their careers.

D. GAYATHRI**G. KRISHNA VENI****~ TCS**

Through out my 4 years of engineering @ SVREC I had countless opportunities to develop analytical skills, leadership and proactive thinking through various programs, events and projects. These attributes were key reasons because of which I was successfully placed at 'TCS' with a good package. Big thanks to all my faculty members for this amazing journey at SVREC. My sincere appreciation to the CDC cell for their support and a heartfelt gratitude to our Attentive and Kind-hearted MD without whose support this might never be possible. I heart fully wish the best for this college that changed my life and many others too. I wish to see the college reach its heights in the near future
